EDUCATION

Electronic Engineering

The Islamia University Bahawalpur

2023 - 2027

Intermediate (pre engineering)

PINS Higher Secondary School

2020 - 2022

EXPERTISE

PCB Designing

Embedded System

Hardware Design

Electronic Circuit Repairing

Debating

LANGUAGE

English

Urdu

ABOUT ME

Dynamic Electronic Engineering student in the 6th semester at The Islamia University of Bahawalpur (CGPA: 3.60/4.00) with a keen interest in hardware engineering and solar energy. Experienced in repairing inverter ACs (Dawlance, Haier, Jupiter) and working with solar inverters and systems. Proficient in embedded systems (Arduino & ESP32), power electronics, solar system design, and Digital Signal Processing (FIR filters). Strong hands-on skills combined with solid academic foundation in electronics.

WORK EXPERIENCE

Jan 2023- Present

CARE LAB | Pakistan, Bahawalpur.

Hardware Engineer

ained 1.5 years of practical experience in repairing and troubleshooting inverter ACs (Dawlance, Haier, Jupiter) and working with solar inverters and solar energy systems.

2021 - 2020

Zaenex | Pakistan, Bahawalpur.

Embedded Engineer.

Hands-on Embedded Systems experience with Arduino and ESP32, specializing in ROM-level programming, hardware interfacing, and integration with power electronics & solar inverters.

2022 - 2020

Pakistan Party | Pakistan., Bahawalpur.

Team Lead

Team Lead with 2 years of hands-on leadership in embedded systems development, power electronics, inverter AC servicing, and solar installations.
